FOR IMMEDIATE RELEASE

Highway 128-Hopper Slough Bridge Repair Full Bridge Closure Scheduled to Start Monday, May 5th

NAPA COUNTY– The California Department of Transportation (Caltrans) will perform repairs to the support wall on the Highway 128-Hopper Slough Bridge in Napa County. The bridge is located on Highway 128 (also known as Rutherford Road) between Yountville and Calistoga.

To ensure public and worker safety, a full bridge closure is scheduled to go into effect starting Monday, May 5th at 12:01 a.m. until Friday, May 16th. Caltrans will notify the public once additional closure details are available and also when details about the bridge's reopening are available.

During the bridge closure, motorists heading onto the Highway 128-Hopper Slough Bridge will need to use detours on nearby Highway 29, the Silverado Trail, and Zinfandel Lane.

For additional information on the project including detour maps, pictures and other project information, go to our webpage at:

<http://www.dot.ca.gov/dist4/projects/hopperbridge>

For real-time traffic, click-on Caltrans Quick Maps at: <http://quickmap.dot.ca.gov/>

Or follow Caltrans on Twitter: <https://mobile.twitter.com/CaltransD4>

Caltrans appreciates your patience as we work to maintain our bridges and highways.
